

WINDSONG KIDS BIBLE CHARADES

Divide into teams or play individually. Have a player draw a card and see who can guess first. Remember, not to say anything as you act out your card. Set a time limit of 1 minute on each card if you would like. Talk about what you know about the person, place or thing after each turn.

If you are playing with younger kids, have a parent help or let them read the hint that is written on the top of each card.
